

MOBILE REPAIR SERVICE means we send our repair technicians out to you.

Sending your equipment out for repairs and maintenance is time consuming, costly and now a thing of the past. DYNAMIC MOBILE REPAIR offers you a mobile service fleet — ready to maintain and repair your equipment on-site. This allows you to reduce or even eliminate costly towing charges, wasted wages on drop off and pick up, and equipment downtime.

Our service capabilities

From oil changes to complete rebuilds to roadside assistance, DYNAMIC MOBILE REPAIR is your choice for one-stop dependable service.

Our specialists have experience in every aspect of maintenance and repair ranging from delivery vans to class 8 trucks, trailers, and forklifts to excavators. Our services include:

- Engines
- Drivelines
- Liftgates
- Suspensions
- Brakes
- Computer Diagnosis
- Hydraulics
- Electrical Systems
- DOT Inspections

Our service benefits

Our expertise allows us to advise our customers on important issues such as maintenance programs, repair options, equipment replacement, and new purchase specifications. Call DYNAMIC MOBILE REPAIR to let us become your company's best asset, here's why.

- Fast turn-around
- After hours emergency repair service
- Extensively trained & experienced technicians
- Competitive labor rates
- Vast parts supplier network
- Service history logs and reminders
- Easy to read billing
- Credit card, T-check and Comcheck payments accepted

Our pledge to you

If the service you are currently receiving is less than DYNAMIC, find out why we work hard every day to earn our name.

1. We listen to your specific needs
2. Help you prioritize and schedule services
3. Repairs are done correctly the first time
4. We use only quality, proven parts

5. Costly downtime is minimized
6. Cost savings are passed along to you
7. We stand behind our work with pride and accountability

Special offer

As a business professional, we understand your need to forecast and schedule your maintenance and repairs to fit within your annual budget.

Call now to receive a free evaluation and repair schedule based on your specific needs.
